

FOR PRESIDENT,
BENJAMIN HARRISON
OF INDIANA.
FOR VICE PRESIDENT,
LEVI P. MORTON
OF NEW YORK.

WHY WE SHALL WIN.

Because—There is no soldier on the Democratic ticket.
Because—The workingmen can't stand Free Trade.
Because—The farmers are "down on" free wool.
Because—Judge Thurman is a valetudinarian, was unsound on the currency in the greenback days and was a Copperhead during the war.
Because—Business men prefer Harrison and Morton.
Because—The New York State Democracy is rent with dissensions.
Because—Governor Hill's vetoes of reform bills have estranged thousands of voters.
Because—The Stalwarts and Half-breeds are brothers again, and for the first time in years the Republicans of New York are united.
Because—General Harrison is a soldier, a statesman, an upright man and a courageous leader.
Because—Mr. Morton commands every one's respect.
Mr. Cleveland doesn't.—Albany Journal.

The Mountain Lakes.

The day is not far distant, when land fronting on the mountain lakes on this coast will be valuable property. As the country increases in population and the cities grow in wealth there will be an increase of wealthy men who will build country resorts for their families and the entertainment of friends. The mountain lakes afford all the requisites of a Summer residence. The purity of the atmosphere, the wholesome water and quiet which surrounds them will prove attractions that will make them favorite places for wealthy men to make Summer homes. We remember when Geneva Lake Wisconsin, was as lonely as Walker Lake at present. But now it is almost a paradise. All around its borders are parks, beautiful residences and the loveliest surroundings, all owned by Chicago residents, ninety miles away. The lakes at Oconomowoc, at Madison, and other places have had similar experiences. It will be so with our mountain lakes.
Lake Tahoe will be the biggest Summer resort inside of five years.

Rough on Newspapers.

An epidemic seems to be prevailing among the newspapers of the coast in the matter of fires. Within the last ten days the offices of the Truckee Republican the Oakland Times, the Lodi Sentinel, the Solano Republican, and two papers in Flagstaff, A. T., have been destroyed by fire. Yet it is safe to say that each paper will resume and present a handsomer appearance than ever. Newspaper men are hard to down.

—The big Lick telescope is putting in its best licks now on the sky. It is a grand scientific success and already a vast amount of new nebulae has been discovered that was never seen before. When ever the tube runs up against a new star Prof. Holden falls off his stool. It brings the moon so close that several times Holden has gone out with a broom to sweep it away from in front of the object glass.

—Editor Mason of the Truckee Republican has about completed the refitting of his printing office, after the late disastrous fire, and next week he calculates to go a fishing. Mason is a good fisherman and he is truthful at the same time.

—The man who takes ten drinks of whisky a day will in twenty years consume thirty-six barrels of that liquid, worth at wholesale \$7,200.

—The cause of Democracy in New York State grows weaker every day.
